Defendants

Preliminary Injunction, Temporary Restraining Order, TRO  
Habeas Corpus Relief under 28 USC 2241

The matter in which my sentence is executed is unconstitutional, I also face imminent danger and bodily harm from Defendants. Barron's is falsifying information and committing slander with my name saying I'm responsible for the Economic Crisis and that I committed Ponzi Schemes on the Federal Reserve Bank and funnel money

through Shell Accounts to offshore tax Havens. Barron's distributing a front page Article of my Face (my mugshot from the Hillsboro County Florida, Tampa web site Jail) in a Batman outfit, calling me the Matt Damon of Tax Havens, the Batman of Tax savings, and a ~~1970~~<sup>1970's</sup> picture of me next to Ron Howard calling me the Fonz of Ponzi's saying my Identity theft crashed the Mortgage Market, this is just not true. Barron's gets distributed to Federal prisons which cause me danger from other inmates who want to learn Stocks and Bonds, inmates read Pulse information and Propaganda Defendants write about me then they want to harass me and pick my Brain, Number crunch my mind, extort me for my Prison commissary money and take my Golden jewelry. Defendants are calling me a Fraud Barron, Economic Pontiff. Barron's reporters have been harassing me for a Sachse interview. Barron's reporters are camped outside my cell 24 hours a day. Barron's was financed through my Identity theft operation. The Executives of Barron's use inmate sweat labor to print their Papers, I'm forced to cut down trees for their Paper in Bolls and chains. Barron's is involved with helping Iraqis and Terrorists pick Stocks to invest in missiles. Barron's drained my E-trade Account and Lied about investments. Barron's told me in 2006 to invest in GM, Countrywide, Ford, Sirius int. radio, I lost everything. I can't afford toothpaste in Prison or the Wall St Journal. Defendants threatened to ring my head as a bell during the opening of the market. Federal prison does not show CNBC or Bloomberg news, this is unconstitutional. I'm denied a personal prison financial Advisor or a Prison Broker to get me out of Prison. Barron's put dollar bills in my Pantyhose. I seek restraining orders and Barron's must stop with Publications. Rupert Murdoch is my stepdad who neglects me and he threatened to Assault me with a rolled up newspaper, I seek relief.

respectfully,
